Working Relationships between EIA and D/E on Commodity Intelligence
for Economic Defense

1. It has been brought to my attention through complaints from both D/E and within the Area that our working relationships in support of Economic Defense have not been completely satisfactory. A further study of our relationships with D/E has been made jointly with D/E personnel.

2. The results of this study are contained in the attached memorandum of understanding which is a proposed draft and which has been concurred in tentatively by D/E. It is requested that you review the attached draft and submit your comments to me (thru St/PR) by noon Thursday (October 7).
